

**Pet's Name:** Chief

**King or Queen?** King

**Most Regal Habit**

Cuddling my King Father and King Mother. I also know some quite impressive tasks, such as sit pretty, spin, and twirl.

**Least Regal Habit**

Food is my greatest joy. I'm very good at counter surfing, sneaking food, and having the best begging eyes in the land for table scraps. My humans don't like it, but I'm not sure why. It must be why they are not King and Queen themselves.

**Royal Decree**

Hear ye, hear ye!

Be it enacted, by royal decree by His Royal Highness, King Chief, that this summer is to be named the Summer of Adoption in the Wenatchee Valley.

His Royal Highness, King Chief, proclaims that willing and able residents of the Wenatchee Valley are to visit the Humane Society and adopt an animal.

If the resident already has an animal, they are to ensure it is spayed or neutered, if it is of appropriate age.

Make is heard wide and far, in both Chelan and Douglas Counties, that this decree be known throughout the land.
